HAWAIIAN MATTERS BEFORE CONGRESS

(Continued from page one).

be ample, and that they would disapprove the proposed bill if it were referred to them, I declined to introduce a bill for that amount. Mr. Butler of Pennsylvania was then asked to introduce the bill, which was referred to the committee on territories. On Friday last we had a hearing on Mr. Butler's bill, which had been referred to the Treasury Department. Assistant Secretary Taylor, in reporting on the same, showed that an appropriation of twenty thousand dollars would be sufficient for the purpose, allowing a price of ten cents a cubic yard for the material deposited on the island, and allowing four thousand dollars for the construction of a pier and retaining walls. Lieutenant Slattery had also reported to the same effect and that letter was presented in the committee hearing. The committee accordingly decided to frame a new bill for this purpose appropriating twenty thousand dollars, to be immediately available and to be expended under the War Department. That bill was introduced by Governor Powers of the Territories Committee, on Saturday last. It was today brought up for consideration and after a brief statement in regard to it, was reported favorably by the committee on Territories.

The committee on elections Number 3 have not yet made their formal report to the House, but I have been personally advised by the chairman that my right to sit in this congress will be sustained by the vote of the entire committee, with the possible exception of one member. It is expected that the Committee's report will disallow all of the five thousand or more ballots which were cast with numbers on the same, and that my election is sustained upon the majority of unquestioned ballots that were cast without any numbers upon them. The committee will also recommend that legislation be enacted which shall provide in full for the election of a Delegate from Hawaii.

In order to further, if possible, favorable action on my bills for public buildings at Honolulu and Hilo, I have asked Senator Warren to introduce duplicates of my House bills in the Senate, and the same has been done by him. These bills were at once referred to the Supervising Architect of the Treasury Department, and on Saturday last I visited the Treasury Department to secure the promise of prompt reports on both of these bills, which will probably have a hearing before the Senate Committee in Public Buildings within the next ten days.

As the question of Public Buildings is entirely non-partisan, it is possible that after the delegation has completed its work on the revenue bill, two or three of them may appear at the committee hearing on these public building bills.

As I stated in my last letter, we have been in frequent communication with Col. Hepburn and Chairman Tawney, trying to frame a bill for the appropriations committee in such form that it will legitimately be a part of the Sundry Civil Bill, and also, if possible, carry our revenue proviso in such form that it would not go out on a point of order made on the floor of the House when the Sundry Civil Bill is put upon its passage. The appropriation of two hundred thousand dollars to complete the authorized contract upon Honolulu Harbor has been decided upon as exactly fitting the case, being an item already authorized by Congress and regularly belonging to the Sundry Civil Bill. I have accordingly drafted a bill appropriating this sum; have next included a proviso for a Hawaiian fund in the Treasury; and thirdly have provided that the two hundred thousand dollars authorized be paid out of this fund so established. This bill has the approval of Chairman Tawney, Col. Hepburn and the entire delegation. Its provisions, while specifically referring chiefly to Federal purposes, yet admit of the appropriation by Congress of any part of this fund for education buildings and public works of a general nature within the Territory, so far as Congress sees fit to appropriate from time to time. It was agreed by all here that it would be wholly unwise to make a request that this fund should be expended in any other manner than by appropriations of the congress. It is not at all certain that the proviso can be put in any form that will not leave it subject to a point of order, and it may be necessary for us to take that chance.

Chairman Tawney insists that the original bill was properly referred to the committee on Territories, involving as it does, chiefly a question of policy which that Committee should handle. He further advises that even though the Appropriations Committee should be willing to admit this legislation as an item on the Sundry Civil Bill, it should nevertheless be passed upon by a legislative committee as contrasted with the limited functions of his own committee on appropriations. I have accordingly today introduced a new bill, and had the same referred to the committee on territories, which embodies the revenue provision alone, set out in the identical language used in the revenue provision of the appropriations committee bill.

The delegation after some delay, reached the city yesterday noon. Last evening the delegation, together with Mr. Hatch, Mr. McClellan and A. J. Campbell, were my guests at the Dewey for dinner, and for the further purpose of meeting Chairman Hamilton and Mr. Cole, of the Territories committee, together with other Congressmen who make their home at this hotel. The evening was spent in talk with these various members, who all expressed themselves with more or less positive favor toward our measure. The friendliness of Chairman Hamilton was evidenced by the fact that he voluntarily sided-tracked the hearings on the Alaska matter in order to allow our hear-

BEAUTIFIER OF MANY CITIES

EXPERT ROBINSON TELLS OF THE
WORK THAT HE PERFORMS AND
HOW HE PERFORMS IT.

Punchbowl will be the first spot of local interest to receive a call from Charles Mulford Robinson, the noted expert on city beautification who arrived with Mrs. Robinson, on the S. S. China yesterday. Escorted by President Griffiths, Gerrit P. Wilder and Supervisor Lucas the expert left the Young Hotel at 10:30 this morning to take a general look over the city and over the possibilities of Punchbowl in particular.

Expert Robinson was found on the roof garden of the Young this morning gazing at the vistas spread before him with very evident satisfaction.

"I haven't been out of the hotel so far," he said to the Star "and I am merely getting my impressions together now, so to speak. Honolulu is certainly a beautiful place as it is and if I can aid in establishing a general scheme for further improvements along broad lines it will be a pleasure indeed."

How high the visitor stands in his profession, avocation, or whatever it may be termed, is to be judged from the fact that he has successfully carried out schemes for the beautification of such cities as Buffalo, Detroit, Columbus, Colorado Springs, Denver and Syracuse. He has now engagements ahead for Oakland and Los Angeles and possibly for Sacramento.

"Of what does my work consist?" he answered to the question "Well, that differs very much in different places as conditions in cities vary so very widely. First of all I make a thorough investigation of the conditions, go over every foot of the ground and meet with local men who have given the matter of civic beautification special thought. This sometimes takes me a couple of weeks before I am in a position to crystallize the information I have gathered into a definite plan."

"You see, it is necessary to consider the future as well as the present, to find out the direction in which the place is growing and prepare for that. It is not with the idea of simply making a town pretty that I base my work, but I aim to bring out its individuality and to make it if possible a more 'liveable' place. The matter for instance of bettering traffic arrangements is one of the highest importance and one in which I am interested. The question of inspiring the people in the poorer parts of a city with a form of civic pride, to give them some definite scheme on which to work, is also of prime importance as adding to the healthiness of the place."

"Some cities I have worked in wanted special treatment as for instance Colorado Springs where their streets were all 150 feet wide. They were in many instances bare dusty stretches and I went there to recommend a solution of the trouble."

"I am only speaking now in general terms for I can say nothing of Honolulu, knowing at present nothing about it. A general system of parks with connecting links is always desirable and as I understand it something of the sort is desired here. Well, we will see. I am already most favorably impressed with the possibilities offered here."

ing to begin tomorrow forenoon. It is now expected that the hearing will continue through Tuesday and Wednesday, if necessary, and it may possibly be extended into Friday.

I have already arranged to present the delegation at the White House on Thursday and also to present them to Senator Foraker at his home on Thursday evening. I shall also arrange appointments, as our plans make it possible, to present the delegation to the speaker of the House, and other house leaders, as well as to some of the members of the cabinet.

By far the most encouraging feature of the work so far is the help we have been able to enlist from such influential members as Col. Hepburn and Mr. Tawney. The chief hope of our Territory for securing legislation must always rest in securing the influence of leaders in the house. No delegate who may ever represent the territory will ever secure any large or important legislation except as he may be able to have the co-operation of the comparatively limited number of men who control legislation in Congress. A delegate might have much experience and very great ability in himself presenting our needs; but if the co-operation of these house leaders is not secured, his single efforts, however able, would not accomplish the desired result. And it is my purpose to follow such a policy of frank and honest dealing with these leaders that we may hope to have them for our powerful allies in any just matters of legislation that may be needed for Hawaii, not only for the present time, but for the future.

J. KALANIANA'OLE.

"PINK DOMINOES" AT THE ORPHEUM

LAUGHTER PRODUCING PLAY
ADAPTED FROM FRENCH AND
WELL PLAYED BY RUHLER.

There was a very good and a thoroughly satisfied house at the Orpheum last night to see "Pink Dominoes." This is a play adapted from the French and has all sorts of situations in it. There is a masked ball and pink dominoes, and it is easy to see how very entertaining situations could be wrought out of that material. The play is one that

KALIHI PEOPLE ARE IN EARNEST

A LARGE MEETING LAST EVENING WHEN THE QUESTION OF IMPROVEMENT WAS DISCUSSED.

A rousing meeting by a representative body of residents of Kalihi was held last night in the school room of the Kalihi-waena school.

J. F. C. Hagens, acting on the suggestion of the Promotion committee stated that the purpose for calling the meeting was to organize a permanent improvement club in line with the present movement. After a few introductory remarks he introduced P. Ryan who had been the president of a spontaneous improvement club formed some time in October last, principally by residents of Kalihi in the vicinity of Kamehameha IV road.

Resolutions were passed to the effect that residents of both sides of Kalihi stream join in the formation of one large permanent club absorbing the club organized by Ryan, whereupon the officers of the club were unanimously re-elected.

Various committees were appointed to report at the next meeting to be held on March 5th. The club will hereafter meet regularly on the first Monday of every month at the Kalihi-waena school.

It seemed to be the unanimous opinion of those present that an affiliation of the Kalihi club with the improvement clubs on the other side of the city was at the present time not advisable.

The opinion was expressed that Kalihi district needs some attention from the county as well as the territory. The roads are in a deplorable state and the proposed continuation of the new School street extension is looked upon with much favor. Many however doubt that it will ever be completed. It was pointed out that a park or at least a public playground for children is sorely needed and as there are a number of suitable places it was hoped that the supervisors will be instrumental in some such improvement. One of the most favored places for this purpose would be the ground opposite the Lloyd property formerly owned by W. L. Wilcox formerly a highly respected and public spirited resident of Kalihi. These premises probably could be obtained at a reasonable figure from the present owner and would make an ideal park or children's playground.

CHINA DEPARTED THIS MORNING
The S. S. China departed this morning shortly after 5 o'clock for the Orient and Manila. She took 690 tons of coal at this port.

MEN FOR THE KENILWORTH.

WILL LOOK AFTER NEW ZEALANDERS

SIMPLE BUT PLEASANT PROGRAM
ARRANGED FOR THE PLEASURE
OF THE VISITORS.

Arrangements are now complete for the reception of the New Zealand football players tomorrow and it now remains only for the S. S. Sonoma to be on time in order that the reception may be a success. Three local exiles from Maoriland will go out to the ship and will apprise the visitors of what is intended for them. On landing at the Oceanic wharf, the party, with town escorts will board an observation car which will be waiting and will be taken about the city from one end to the other, up the Nuuanu and Manoa routes and finally to the Aquarium. It is figured that the Moana will be reached at noon and luncheon will be served there. Representatives of different branches of sport will be present. After lunch, the visitors will be brought into town and left in their own leisure as they see fit.

CALLED ON POLICE FOR ASSISTANCE

TAX COLLECTOR FRANCIS HAD A
BATTLE WITH SOME CHINESE
ON NUUANU STREET TODAY.

Tax Collector Francis had an encounter with some Chinese this morning and had to call upon the police to assist him in carrying out his orders to seize a sufficient quantity of the stock owned by the Chinese to satisfy a claim of delinquent taxes.

The trouble occurred at the kua furniture establishment of the Fung Lung Company on Nuuanu street near Beretania. There was a claim of about \$125 for unpaid taxes due the Territory and Francis tried to collect the money. The Chinese seemed in no hurry to pay and Francis was directed by Tax Assessor Holt to make a sufficient seizure of goods in the store to realize at auction sale sufficient sum to liquidate the government claim.

Francis and an assistant went to the store but the removal of the goods was resisted by the Chinese. Finally Francis had several police officers go to the place and prevent the Chinese from interfering with the removal of the furniture. Attempts were made this afternoon by the Chinese to put up a bond of \$300 so that they could get their furniture restored to them.

FLORAL PARADE.

The Judges of the Floral Parade have been asked to meet Mr. Gartley in the parlor of the Young Hotel at 10:30 a. m. Wednesday morning to arrange the detail of the judging.

Mrs. W. F. Frou and Mrs. H. M. Von Holt have been selected to take the places of Mrs. F. M. Swany and Mrs. F. A. Schaefer who have been compelled to withdraw owing to sickness in their families.

WAHINE SENTENCED.

David Wahine, who pleaded guilty to a charge of stealing U. S. Army cartridges, was sentenced by Judge Dole yesterday to one month's imprisonment.

The bark Mohican departed shortly before 1 p. m. today for San Francisco. She took a full load of sugar. The schooner Aloha goes out this afternoon for Kaunapali.

HALEIWA.

The Haleiwa Hotel, Honolulu's famous country resort, on the line of the Oahu Railway, contains every modern improvement and affords its guests an opportunity to enjoy all amusements—golf, tennis, billiards, fresh and salt water bathing, shooting, fishing, riding and driving. Ticket, including railway fare and one full day's room and board, are sold at the Honolulu Station and Trent & Company for \$5. For departure of trains, consult time table.

On Sundays, the Haleiwa Limited, a two hour train, leaves at 4:22 a. m.; returning, arrives in Honolulu at 10 p. m.
